7kg Condenser Dryer with easy to use dial and touch screen control, 14 programs, 2 Stars Energy rating, Advanced Sensor Dry with dryness level settings, reverse tumbling action and Refresh cycle.

FEATURES

ADVANCED SENSOR DRY	**REVERSING TUMBLE ACTION**	**SPECIAL REFRESH PROGRAM**	**SPECIAL PROGRAMS FOR EASY IRON**
LARGE REVERSIBLE DOOR	**AUTO OFF**	**NO VENTING REQUIRED**	

BENEFITS

ADVANCED SENSOR DRY

Your clothes will be dried perfectly with Advanced Sensor Dry. Humidity sensors are activated three times throughout each cycle to eliminate over drying, which can be harmful to fabrics. So, you enjoy optimal drying accuracy, along with exceptional care and performance.

NO FUSS PROGRAMS

Simply choose your fabric and the level of dryness you require and press Start; it's that easy

AUTO REVERSING

Tumble action alternates clockwise to anti-clockwise. Reduces clothes tangling and bunching together, so they dry more evenly and quickly

LARGE REVERSIBLE DOOR

Everyones laundry is different. Thats why we designed a large reversible door to accommodate those tight spaces and side-by-side installations. You can easily change the direction of the door opening yourself to suit your requirements. Plus, the large door size also allows you to load and unload your dryer with ease.

AUTOOFF FUNCTION

EASY TO INSTALL

Eliminates energy consumption during stand-by mode to ensure energy efficiency.

The dryer has a self contained drying system which collects moisture from the drying process, so no venting kit is required, leaving your laundry cleaner and free of hot moist air
